

Barry County grant provisions

Businesses were **ineligible** if:

1. They were fully opened and operating on November 17, 20 and still fully open and operating on November 18, 2020 (the Gathering and face mask order did not shut them down, even partially).
2. They were fully closed prior to the order going into effect.
3. Their annual gross revenue was higher in 2020 than it was in 2019 (unless they were a new business).
4. They are a live music venue that may apply for the MI Stages Survival Grant (they have their own pot of money).
5. They did not have between 1 and 100 employees on November 17, 2020.

We scored on

1. How much they received from previous grants
2. If they were fully closed or partially closed
3. Percentage of revenue lost in 2020 compared to 2019
4. If they were home based
5. Number of employees retained or hired
